COVID 19 Information

Patients who are at high-risk for Covid-19 infections, including older adults and people of any age who have serious underlying medical conditions, please schedule at your discretion.

Urgent/emergency eye visits will be scheduled as needed; please call our office to speak to a staff member or leave a message for the on-call doctor.

Please take note:

- If you have a fever, new cough, or new shortness of breath, kindly reschedule your appointment to a later date
- Please wear a mask to your appointment
- To limit the number of people in our office, please have extra family members, drivers, or caretakers stay outside or in the car unless required to be present in the exam room
- A full list of COVID-19 symptoms can be found on the [CDC information page](#)

What to expect from us:

- The EvergreenHealth Pavilion building that we are located inside is now requiring that you wear a mask upon entry. If you do not have a mask they will provide one for you (please keep this mask for possible future visits)
- All of our Doctors and staff will wear masks
- We are scheduling extra time between patients to sanitize the exam room and equipment
